Concerning: name change

Dear relation,

Our organization has experienced good growth in the recent period. This growth has resulted in new strategic insights. The conclusion of these insights is that our current name places too much emphasis on medical.

For this reason we have decided to change our trade name to:

# De Koningh Advanced Technology

abbreviated

## DKAT

This name gives a better picture of our product portfolio.

We are therefore pleased to announce that our **new website** can be visited from **06-01-2020**

Our e-mail addresses have been changed to **@dkat.nl** so please change this in your administration. The old mail addresses will continue to work.

Hoping to have informed you sufficiently,

Harm van der Vegt

Director DKAT
